MANAGING YOUR MENTAL STACK

WHOAMI

@mattstratton

INFORMATION OVERLOAD

PODCASTS
Yeah, well, that's just, like,
your opinion, man.

Listening to podcasts is a terribly inefficient way of transferring actual information. It's a bit like asking Grandpa Simpson for directions...at the end you're not really sure you aren't more lost than when you started. But it sure is entertaining.

-- John Smyth, the "Ron Swanson of DevOps"
